Voluntary ESOL work in North West London

I am a former student at SGI and did the Tefl course in 2015. I hope all is well at SGI.

I am writing to you because I have just started to work for a small charity called Salusbury World in Queen's Park, North West London.

We are running Esol classes for refugee parents who are mainly from Syria. The parents' English level is very mixed and we don't have capacity to accommodate them all.

A couple of the mothers in the class are graduates from Syria and have a reasonable level of written English. They would like to improve their conversational skills.

I was wondering if any of your current or previous Tefl students would have time to spare a couple of hours a week to help these Syrian graduates with conversational English. They are pretty flexible with days and the time.

It also occurred to me that they might be interested in attending the free lessons at the college. If that is a possibility, and you are still running free lessons, I would be grateful if you could let me have the details.

Many thanks for your help.
